

4th CIDFF FEATURES “DREAMERS” AS CURTAIN RAISER

The Cebu International Documentary Film Festival (CIDFF) in partnership with Cebu Chamber of Commerce and Industry will feature “Dreamers” as its Curtain Raiser for the 4th Cebu International Documentary Film Festival. It will be screened on June 11, 2015 as part of Cebu Business Month 2015 line up of activities under the Creative Industries Cebu.

Directed by Noelle Deschamps, Dreamers was made out of her experience as founder of eQuinoxe, a writing workshop that brings together screenwriters, directors and film professionals from around the world.

Dreamers is a “poetic journey” through the imaginations of some of the world’s most exciting, articulate and insightful cinematic talents, including the late, great Frank Pierson (Cool Hand Luke; Dog Day Afternoon), Jacques Audiard (Rust and Bone; A Prophet), James Gray (Two Lovers), Guillermo Arriaga (Amores Perros; 21 Grams), Maiwenn (The Artist), Michel Gondry (Be Kind Rewind), Emir Kusturica (Time of the Gypsies), and Akiva Goldsman (A Beautiful Mind).

In Deschamps’ own words: “I want to share the pleasure of seeing them, listening to them, discovering them. I know that their passion and their enthusiasm are communicative. I want to make the audience love them as much as I love them.”

The Cebu International Documentary Film Festival (CIDFF) is a non-profit organization that manages annual international film festivals in Cebu to create and sustain an independent and world-class film market in the region.

It is a platform for filmmakers, producers, artists, media practitioners and film enthusiasts to develop and share creative talents and socially-inclined filmmaking experience through documentary films.
